

PHELPS
VERITAS SINE TIMORE

The Lion's Tale

February 9, 2017

"Success is the peace of mind that comes when you know you have given everything you have to give to the opportunities that life has presented you."

Don Shula, Miami Dolphins

Winter finally arrived in Malvern today! The spring temperatures that we experienced yesterday quickly dropped overnight and snow began to fall early this morning. By noon, the snow had stopped, roads were cleared and the sun peaked through the clouds. Students were able to sleep in, enjoy a late morning brunch and attend their afternoon classes. Tutorial and activities were canceled to make time for all six class periods.

Weekend Fun by Mr. Northrup

The Class of 2017 held their second annual Super Bowl party this past Sunday. Needless to say, the event was a huge success due to the support from our Phelps community and the excitement of the game. School president, Ken Berkenstock, was a tremendous help in securing donations, as well as running the first ever Super Bowl Pool.

Over 60 students attended the event! Food was provided by Wegmans, CulinArt, and faculty donations! Great times, good food, and many laughs were shared by all. Not to mention, an unbelievable Super Bowl that was one for the record books.

Congratulations to Coach Shanahan, Rong Li, Ms. Rup, and Chef Greg for winning the pool!

All in all, over \$1,300 was raised. Thanks to our dedicated faculty and staff, Wegmans Malvern, and to the students for coming out and supporting the senior class! We hope this is a tradition that the Class of 2018 will continue, especially since the Philadelphia Eagles ***WILL BE*** in the big game next year (fingers crossed)!

Community Service

On Sunday, February 5, Mr. Miller, along with seven students, packed the school van and drove to Long Beach, New York to support Make-A-Wish Foundation. His passengers and fellow supporters made this trip to participate in **The Long Beach Polar Bears Super Bowl Splash**. Each year, Mr. Miller encourages our students to "take the plunge". They brave the cold air and frigid water temperature to support this great cause in Mr.

Miller's home town.

Splashers included: Steven Moore, Randy Carney, Justyn De La Rosa, Sergei Simpson, James Foerster, Grady Magill and Sean Noe.

CREATIVE CLASSROOM LEARNING by Ms. Merkel

The students in Ms. Merkel's ESL Speaking and Listening 3 class have been hard at work the last few days. They have just completed a chapter on Advertising and have explored the question "How do advertisers change our behavior"? For their final project, and using

only the materials provided to them, they are responsible for creating a product that does not already exist and advertise it via video or live performance. Having learned various techniques for advertising, they are also required to utilize a few of them within their advertisement. The classroom has been filled with imagination, some laughs, and excitement as they near their deadline!

PHELPS ANNUAL FUND

The Phelps Annual Fund raises money for the daily operation of the school, covering costs that tuition alone cannot meet. We rely on gifts from individuals, foundations, and corporations to help balance our operating budget. We need your help to realize our goal. We hope that as a family or friend connected to Phelps, you will consider giving as generously as you are able. Your gift does make a difference to our success. While tuition provides most of the income needed to meet expenses, the Annual Fund provides a tax-deductible way to contribute to the same operating budget.

For additional information on how you can contribute to the continued growth of The Phelps School, please contact the Advancement Office at 610-644-1754 or advancement@thephelpsschool.org.
