Pride in the Lions Soccer Team!

After a rough start, this year's Varsity Soccer Team rallied to exceed all expectations. Young and relatively inexperienced, with only three seniors in the starting lineup and some team members in their first season of organized soccer, the Lions gelled into a dynamic contender for the Tri-County League

Championship. Phelps entered postseason play seeded fourth and quickly dispensed with Collegium, 4-1 in the first round of the playoffs. Next, the Lions upset #1 seed Perkiomen 2-1 in overtime in the semifinal match. In the championship game versus Barrack, the young Lions held their own but ultimately bowed 2-0. All in all, it was a great campaign. Lions' Pride!

Pride in the Lions Cross-Country Team!

The Cross-Country Team had another productive season. Teammates cut minutes off their times and represented Phelps well, finishing the season in fourth place. Standout performers were Jabril El-Amin, who came in first at the League Championship, and seventh and eighth place finishers John Durham and Justyn De La Rosa. Great season, Lions!

Pride in the Lions JV Soccer Team!

The boys on the JV soccer team learned a great deal this fall about teamwork and perseverance. For many, this season was their first experience on the playing field. Their skills and understanding of the game improved significantly. Proud of you guys!

Phelps FAN GEAR!

As we start the winter sports season, now's a great time to purchase Phelps Fan sweatshirts, t-shirts, sweatpants, jackets, basketball shorts, stocking caps, and more – in a variety of styles.

Phelps Fan items make great holiday gifts. Wearing school colors shows our Lions Pride! Click the box below to place your orders, which are due by November 13. If you have any questions, please contact Mr. Taylor Perkins at tperkins@thephelpsschool.org.

Middle School Geography class studies worldwide population growth.

In fall 2011, world population surpassed 7 billion. It's important for us to understand how we reached this milestone and how our choices will impact the future we share on our planet.

Over the next few weeks, Mr. Birtch's Geography class will use interactive technology to understand how oceans have been polluted over time and how they must be protected worldwide. Students will play roles as leaders of various countries as they discuss ethical issues that arise from inequitably distributed resources and that underlie international trade and conflict.

Halloween Costumes

A great time was had by the Phelps School family on Halloween. Both students and staff embraced the season by donning their favorite costumes.

Paving the Way

We've been fortunate to have some great fall weather! Construction crews have spent this week laying asphalt for the new driveway and parking lot adjacent to the new gym.
